

# Privacy Policy – SCR Owner

*Last updated: 2025*

---

## 1. Introduction

SCR – Owner is an internal administrative application designed exclusively for system owners and authorized personnel. We are committed to protecting user privacy and ensuring transparency in how data is handled.

This Privacy Policy explains how information is collected, used, and protected when using the SCR – Owner application.

---

## 2. Information We Collect

The application may access or use the following data strictly for functional purposes:

- **Camera:** Used only when required by app features (e.g., scanning, capturing images for internal records).
  - **Media Files (Images / Video / Audio):** Accessed only when the user selects files to upload or manage within the system.
  - **Biometric Authentication:** Used for secure authentication (e.g., fingerprint). Biometric data is processed by the device system and is **not stored or shared** by the application.
  - **Notifications:** Used to send important system or administrative alerts.
  - **Internet Access:** Required to communicate with backend services and synchronize data.
- 

## 3. How We Use Information

Collected data is used only to:

- Operate core administrative features of the application
  - Secure access to admin accounts
  - Improve system reliability and performance
  - Send essential notifications related to system operations
- 

## 4. Data Sharing

- SCR – Owner does **not sell, trade, or share** personal or sensitive user data with third parties.

- Data may be shared **only with trusted payment service providers** strictly for completing payment transactions.
  - No data is used for advertising or marketing purposes.
- 

## 5. Data Security

We implement appropriate technical and organizational measures to protect data against unauthorized access, alteration, disclosure, or destruction.

---

## 6. Payment Information

The application supports payment operations using **credit cards** and an **internal wallet** for service-related transactions.

- Credit card payments are processed securely through **third-party payment gateways**.
  - The application **does not store** sensitive payment details such as full card numbers, CVV codes, or banking credentials.
  - Wallet balances represent stored value within the system and are used only for in-app transactions.
  - **Biometric authentication (such as fingerprint)** may be used as an additional security layer to authorize payment actions. Biometric data is handled by the device operating system and is **never stored, collected, or shared** by the application.
  - All payment-related operations follow industry-standard security practices.
- 

## 7. App Permissions

The application requests the following permissions only when necessary:

- Camera access
- Media access (images, video, audio)
- Biometric authentication
- Notifications
- Internet connectivity

All permissions are used solely to support application functionality.

---

## 7. Children's Privacy

SCR – Owner is not intended for use by children under the age of 13 and does not knowingly collect data from children.

---

## 8. Changes to This Policy

This Privacy Policy may be updated periodically. Any significant changes will be reflected on this page.

---
